

ETS ACTIVATED

AUGUST 2017 TO FEBRUARY 2024

The ETS was mobilized in August 2017 to address the urgent need for telecommunications support amid the Rohingya refugee crisis. Over the seven year activation period, the ETS established and supported reliable internet connectivity and security communications systems across Cox's Bazar, Ukhiya, and Teknaf. This ensured vital support for humanitarian operations, connecting the response and improving staff safety and security.

ETS provided

921 average monthly users with security communications services

102 sites with connectivity services
